

ASHRAE JOURNAL

Editorial Index for 1960

VOLUME 2 — Names of authors appear in capitals, subject classifications in italics

No. Page

A

Look at Today's Absorption Refrigeration, S. E. Johnson	9—	55
ACHENBACH, P. R., C. W. Phillips and W. F. Goddard, How the Method of Rating the Cooling Load for Refrigerated Trailers Has Been Standardized	5—	45
Acoustical Systems Determine Oil Burner Pulsations and Their Amplitudes, C. F. Speich and A. A. Putnam	11—	63
Activated Charcoal for Refrigerator Odor Control Should Be in the Air Convection Stream, A. L. Brody, J. W. Thomas and L. Lafeber	4—	53
<i>Air Conditioning</i>		
Air Conditioning as Applied to Aircraft, Missiles and Rockets, Robert Berner	3—	62
Air Cooled Absorption Cycle, R. H. Merrick and R. A. English	8—	39
Dual Solution System—A Different Approach to Air Conditioning, F. H. Hibberd	7—	42
How a Thermal Mockup Aided in Air Conditioning the Electra, P. S. Starrett and P. F. Halfpenny	1—	39
How Effective Are Packaged Sound Attenuators for Air-Conditioning Systems?, Norman Doelling	2—	46
In High Velocity Systems, Duct Parts Create Sound as Well as Suppress It, W. F. Kerka	3—	49
Matching Home Air Conditioning Energy Requirements and the Weather, R. B. Joplin and E. H. Muehlhause	1—	70
New Trends in Warm Air Heating and Air Conditioning Systems, H. T. Gilkey	5—	78
Simple Solution to Completely Automatic Changeovers in Air Conditioning Is the Three-Pipe System, A. I. McFarlan	7—	48
Simplified Procedure for Calculation of Residential Cooling Loads, W. S. Harris and E. J. Brown	10—	43
Weather Does Affect Mortality, P. H. Kutschenreuter	9—	39
Air Conditioning as Applied to Aircraft, Missiles and Rockets, Robert Berner	3—	62
Air Cooled Absorption Cycle, R. H. Merrick and R. A. English	8—	39
<i>American Gas Association</i>		
AGA Again Emphasizes Research	11—	60
<i>American Society of Heating, Refrigerating and Air-Conditioning Engineers</i>		
Amendments to By-laws	11—	71
Financial Statements	1—	80
Semiannual Meeting, Dallas, Tex.	1—	90
Abstracts	1—	50
News Report	3—	39
67th Annual Meeting, Vancouver, B. C.	5—	58
Abstracts	8—	46
News Report	8—	46
<i>American Society of Mechanical Engineers</i>		
ASME Annual Meeting Reviews Heat Transfer and Comfort Physiology	1—	90
AMOS, DALE, I Suggest That — (Domestic Refrigerator Engineering Symposium, ASHRAE Semiannual Meeting)	4—	51
ANDERSON, D. B., G. A. Erickson, R. C. Jordan and R. R. Leonard, Field Laboratory for Heating Studies	11—	37
ASHLEY, C. M., Can the Chart Be Improved? (Psychrometric Chart Symposium, ASHRAE Semiannual Meeting)	4—	73

B

BAKER, J. T., see C. M. Humphreys		
BAKER, MERL, Improved Comfort through Radiant Heating and Cooling	2—	54
Balancing Cost Factors and Advantages of an Air-Recovery System against Conventional Air Conditioning, John E. Haines	6—	39
BARNEBEY, H. L., Odor Control (BRI Spring Conferences)	5—	52
BEACHAM, EDWARD A., see Walter O. Krause		
BERNER, ROBERT, Air Conditioning As Applied to Aircraft, Missiles and Rockets	3—	62
BIGGERS, J. A., Jr., Keep Ambient Humidity Down (Commercial Refrigeration Symposium, ASHRAE 67th Annual Meeting)	9—	64
BRODY, A. L., J. W. Thomas and L. Lafeber, Activated Charcoal for Refrigerator Odor Control Should Be in the Air Convection Stream	4—	53
BROWN, E. J., see W. S. Harris		
BROWN, W. G. and C. W. Wachmann, Draft Performance of Chimneys	9—	49
BROWN, WILLIAM E., Plastics Must Meet the Specific Requirements (Domestic Refrigerator Engineering Symposium, ASHRAE Semiannual Meeting)	4—	45

Building Research Institute

Brave New World of Air Conditioning Explored at BRI Spring Conferences		
Contaminant Removal, L. C. McCabe	5—	53
Future Methods, F. J. Larsen	5—	114
In Hospitals, V. W. Greene	5—	54
Odor Control, H. L. Barnebey	5—	52
Total Air Treatment, W. L. McGrath	5—	55
What Is Pure Air?, A. J. Hess	5—	51
Members of ASHRAE Participate in BRI Heating Conference	1—	79

C

CARTER, F. Y., Results of Efforts of the Program Committee Are to Be Seen at Every National Meeting	3—	55
Coil Rating Factor Puts Heat Exchanger on a Comparable Basis, Donald G. Rich	6—	50
<i>Comment</i>		
A Question More, or a Question Less	7—	6
Alone on a Wide, Wide Sea?	12—	6
An Imminent Tomorrow	6—	6
An Informed Membership	10—	6
And a Sincere Hope	2—	6
Charting the Way	4—	6
Earn and Deserve	11—	6
From the Shady Side	1—	6
Home from the Range	3—	6
How Can We Know?	2—	6
How Editorially We?	12—	6
In Our Own Fields	5—	6
Let's Take a Vote	5—	6
Men of Destiny	11—	6
Some Folks Don't Care	3—	6
Somewhere — Over the Rainbow	1—	6
Statistically Vulnerable?	4—	6
That Silent Majority	12—	6
The Higher Conformity	9—	6
The Shape of Things to Come	8—	6
Time to Think about Chicago	11—	6
Uninitiated vs. Initiated News	10—	6
When the Man Bites the Dog	10—	6
Why Don't You?	2—	6
<i>Commercial Refrigeration Symposium, ASHRAE 67th Annual Meeting</i>		
Open Display Cases in Food Stores Preoccupy Engineers at Commercial Refrigeration Symposium		
Control Natural Drafts in the Area, Thomas Tyler	9—	63
Effects on the Air Conditioning Load, D. E. Friedman	9—	62
Keep Ambient Humidity Down, J. A. Biggers, Jr.	9—	64
Comparative Study of the Manufacturing Costs of Thermoelectric and Mechanical Refrigerating Systems, D. W. Scofield, P. F. Taylor and L. A. Staebler	7—	37
Comparison of the Accuracy of Humidity Measuring Instruments, F. M. Flanagan	12—	66
Cooling Rates of Apples Packed in Different Bushel Containers and Stacked at Different Spacings in Cold Storage, D. V. Fisher	7—	53
Corrosion Inhibition on Steel Tubes in Low-Pressure Steam Boilers, W. A. Kellbaugh and F. J. Pocock	10—	70
Critical Velocity Emphasized in New Study of Saturated Steam Flow in Copper Tubing, C. M. Humphreys, J. T. Baker and E. H. Jennings	2—	59
